

BALLYMONEY BOROUGH COUNCIL**Minutes of Meeting No. 875 held in the Borough Offices, Riada House, on 12th February 2008 at 7.30 pm.**

In The Chair	The Mayor, Councillor J Finlay
Present	Aldermen: F Campbell C Cousley H Connolly J Simpson Councillors: A Cavlan M McCamphill P McGuigan D McKay, MLA A Patterson E Robinson I Stevenson M Storey, MLA R Wilson
In attendance	Chief Executive Director of Borough Services, Director of Central & Leisure Services Head of Corporate & Development Services
Apologies	Councillors B Kennedy and T McKeown

875.1 Rates Estimate 2008-09

The Chief Executive referred to Council's consideration of the rate at its meeting on 5th February when Council set us a target of finding savings in the budget of around 3.25% or £155,000. Various suggestions were put forward by members and parties and all of them have been considered by management. Savings have been made across services and the Directors may want to comment on some of these and the risks associated with them.

Overall this will be a challenging budget to live within and to achieve some of the savings will require an element of good fortune as well as good management. Some of the income figures will also be difficult to reach and some charges will have to be raised significantly.

We looked at the suggestion that some courses/conference budgets should be reduced; I accept that there have been some minor underspends in some services. However, we have been able to achieve the desired reduction without affecting these budgets and I feel that we need to retain them this year, given the challenges we expect from the RPA announcement and the need for new ways of working as well as the integration of new services. It is also the case that the current budget provides less than £400 per member of staff for courses and conferences, while the figure for councillors will be over £1000. I would be concerned how staff would perceive a cut in this budget so ask members to let it stay as suggested.

The Director of Central and Leisure Services referred to the revised summary of general estimate (*appendix A*), showing an increase of 3.96% taking account of revision of budgets, per schedule of savings circulated, (*appendix B*) capital projects information supplied (*appendix C*) and a balance applied of £200,000. This produced a rate of 22.4239 (non-domestic) and 0.2878 (domestic).

Responding to queries regarding the kick-about area in Rasharkin the Director of Borough Services advised that the Rasharkin Community Association has sought Council's agreement in principle to undertake a feasibility study no financial contribution was sought. He also advised that the next meeting of the Leisure & Amenities Committee would consider development options for Scally Park which may not require financial input from Council.

Councillor Robinson indicated that following discussion with Council officers she had, on behalf of the DUP, forwarded revised savings to the Director of Central and Leisure Services and proposed:

that Council approve and authorise the general estimate of rates for 2008-09 presented, with total net expenditure of £6497494, net amount to be raised £4884819 and set the non-domestic rate at 22.4239p and the domestic rate at 0.2878p, an increase of 3.96%.

This was seconded by Alderman Cousley.

Alderman Simpson, on behalf of UUP said they remained concerned at the substantial cost of changing rooms at Dunloy and considered this should be examined before proceeding. In response Councillor McGuigan asserted that the figure was similar to that spent on other similar provision and that the same standard of facility should be provided in Dunloy.

Councillor McGuigan asked that the method of providing play facility at Loughgiel needed to be given serious consideration to determine the best way forward. He requested clarification as to the impact of the DUP motion with particular regard to capital projects they had asked the Director of Central & Leisure Services to include. In response Councillor Robinson indicated that the following capital projects had been included in the draft estimate.

- museum fit out
- replacement sports hall floors & upgrade of PA @ JDLC
- 1 refuse collection vehicle, 1 van, 3.5 tonne 3-way tipper, tractor and loader
- paths upgrade at Riverside Park
- changing rooms at Dunloy
- 1 sand mattress pitch at Riada Stadium
- car park at Riada Playing Fields
- play areas at Derrykeighan and Druckendult
- IT upgrade and computer software for building control and environmental health.

SF sought clarification on the kick-about facility at Rasharkin and Director of Borough Services, responding, indicated that the community association were

undertaking a feasibility study, not necessarily seeking a contribution from Council, but would want council to maintain facility, so incurring revenue costs in future years.

It was proposed by Councillor McKay seconded by Councillor Cavlan and **AGREED:**

that the Leisure & Amenities Committee consider the development options for Rasharkin and Loughgiel facilities.

Councillor Simpson requested if the members allowances were to increase to £1,000 per member it should discontinue the current arrangement of permitting members to transfer budgets to other members. Councillor McCamphill asked that consideration be given to revising the present policy so that accommodation costs for overnight stays within Northern Ireland did not have to be met from conference budgets, but rather from members allowances budget given that traveling costs within the province were met from members allowances for conference attendance within the province, arguing that for 2-3 day conferences it would be more economical to stay overnight than to travel.

It was proposed by Councillor McGuigan seconded by Councillor Cavlan, and **AGREED:**

that the meeting adjourn for five minutes to allow parties to consider the DUP motion. The meeting adjourned at 8.15 p.m.

The meeting reconvened at 8.20 p.m. The Mayor put the motion to the meeting.

[that Council approve and authorise the general estimate of rates for 2008-09 presented, with total net expenditure of £6497494, net amount to be raised £4884819 and set the non-domestic rate at 22.4239p and the domestic rate at 0.2878p, an increase of 3.96%.]

On a vote being taken the motion was passed unanimously.

It was proposed by Councillor Robinson seconded by Alderman Cousley and **AGREED:**

That the following projects be funded from reserves during the financial year 2008-09

- ***Anti-scalding valves at JDLC £18,000***
- ***Fencing at JDLC £18,000***
- ***Bleacher repairs at JDLC £5,000***
- ***Rebound wall at JDLC £5,000***
- ***Bus Shelters £20,000***
- ***Total £66,000***

The meeting concluded at 8.30 pm
