

How to slim your black bin

Your black bin will be collected fortnightly.

Please leave your bin out by 8.00am on your collection day.

Remember though...you can **SLIM YOUR Black BIN** by taking some simple steps:

- Reduce the amount of packaging waste you produce by becoming a 'smart shopper'.
- Continue to make full use of your **blue/brown** bin.
- Use your local village or supermarket community recycling centre on your way to work, school or shopping
- If you have other items to recycle, please use either the Knock Road or Crosstagherty Household Recycling Centres.
